Ans: creating a sketch of website is a very good practice because students can easly learn the base of website.

Q:5 What is dark web?

Ans: The dark web is a part of the internet that isn't indexed by search engines. You've no doubt heard talk of the "dark web" as a hotbed of criminal activity — and it is. Researchers Daniel Moore and Thomas Rid of King's College in London classified

Assinment:5

the contents of 2,723 live dark web sites over a five-week period in 2015 and found that 57% host illicit material.

Q:6 What is tor browser?

Ans: The Tor Browser is a web broswer that anonymizes your web traffic using the Tor network, making it easy to protect your identity online.

If you're investigating a competitor, researching an opposing litigant in a legal dispute, or just think it's creepy for your ISP or the government to know what websites you visit, then the Tor Browser might be the right solution for you.
